MEANING IN A MOMENT: ADULT DISCUSSION SERIES

"All Christians should be committed to Christian nonviolence because it is at the very heart of what the Gospel is about...nonviolence is not a strategy to rid the world of war, but.. is required of those who will be faithful followers of Jesus in a world of war. So...(it) is not a strategy to rid the world of war. We want ...to make war less likely. But— whether we are successful in that or not—Christians are still called to Christian nonviolence."
